Bon Jovi Lyrics Always This Romeo bleeds But you can not see his blood It's nothing but some feelings that this old dog has kicked It rains since you left me Now I drown in the flood You see that I have always been a fighter, but without you I give up now I can not sing a love song like how it is supposed to be well . I guess I'm not so good anymore But, baby, it's just me and I'm going to love you, baby, always and I'll be there forever and one day, always I'll be there until the stars don't shine 'Til the heavens burst and the words don't rhyme And I know when I die, You'll be on my mind And I'll love you always your now pictures that you left behind just are memories that . some that made us cry The one who made you say goodbye What I would give to run my fingers through your hair To touch your lips, to stand by When you say your prayers, try to understand that I made mistakes, I am just a man When he holds you close, when he pulls you by when he says the words you need to hear , I'll wish I was him have these words are mine to tell you until the end of time And I will love you, baby, always and I will be there forever and one day, always if you told me to cry for you, I could if you told me to die for you, I would look at my face There is no price that I will not pay to tell you these words Well , there is no chance in these loaded dice but, baby, if you just give me one more try We can pack our old dreams and our old lives We will find a place where the sun still shines and I will love you, baby, always and I will be there forever and one day, always I will be there until the stars do not shine 'Until the heavens shine and the words do not rhyme And I do not laugh know when I die . You will be in my mind and I will love you, always thanks to Mark, Sasha for correcting these words. Writer: Jon Bon Jovi Jon Bon Jovi explained the lyrics to this song. So many people think it's so romantic and so wonderful, but honestly, this guy is practically a stalker. He's a sick human being. This song was written for the film Romeo Is Bleeding (1993). According to Bon Jovi's collection 100,000,000 Bon Jovi Fans Can't be Wrong, he did not like the film and did not allow the right to include it: the song never appeared in the soundtrack or film. Released later, the song became the band's best-selling single at the time.
